

MADHURA MIRAJAKAR

madhuramirajakar@gmail.com | (+91) 9342705500

Final-year Computer Science and Engineering student with experience in Python, Java, Flask, Machine Learning, and web development. Passionate about building scalable software solutions, solving real-world problems, and continuously learning new technologies.

SKILLS

- ❖ Python
- ❖ HTML, CSS, Javascript
- ❖ React
- ❖ Machine Learning (Scikit-learn, Pandas, NumPy, Data Preprocessing)
- ❖ Tools & Technologies (Git, GitHub, VS Code, Linux)

EDUCATION

- ❖ Computer Science and Engineering | SGBIT, Belagavi *CGPA: 8.1 | (2023-2027)*
- ❖ XII (Karnataka Board) | KLE's B.K PU College, chikodi *83.3% | 2021-2023*
- ❖ X (Karnataka state Board) | KKC School, Sadalaga *92.32% | 2021*

EXPERIENCE

Python Intern - Besant Technologies (Dec-2025 to Jan-2026)

PROJECTS

- ❖ **Cogni-Check**
Developed CongiCheck, a web-based platform that detects fake websites, fake news, and validates phone numbers via ML and API integration, enhancing user safety.
Tech Stack : Python, flask, HTML, CSS, JavaScript, Machine Learning
- ❖ **Deep-Calm**
Built REST APIs in Flask to serve predictions of Stress Level and handle live physiological data inputs.
Tech Stack : Python, HTML, CSS, Javascript, Machine Learning, ESP32

AWARDS

- IEEE SB SGBIT, Best Team Player Award-2026
